BUFF AND BLUE DEFEATED TWICE ON WEEKEND TRIP

Basketball Team Drops Two Games—R. P. I. Comes From Behind and Scores 25-13 Victory—Team Outclassed by Brooklyn Polytechnic Institute, and Loses 39-17.

The Buff and Blue basketball team suffered defeat at the hands of the Rensselaer Polytechnic five last Friday evening on the Engineers' court. The score was 25 to 13.

The first half of the game was decidedly slow and uninteresting. The Hamilton quintet had slightly the better of their opponents during this period. So poor was the work exhibited by the Troy team, that the R. P. I. coach took out his first team and substituted an entire second team, which played for the rest of the half. The score at the end of this half stood 8 to 5 in favor of Hamilton.

R. P. I. Comes From Behind

The R. P. I. varsity squad reentered the game at the beginning of the second half, and seemed to recover themselves and break away from the inertia which they exhibited during the first few minutes of play. The Buff and Blue was outplayed in this half, and the entire team failed to show any of the snap and speed that characterized their play against the University of Detroit three nights before. The passwork of the Engineers and their accurate shooting soon ran up a lead that Hamilton was unable to overcome. For Rensselaer, Sparrow and Reimers starred. For the Buff and Blue Keehn featured with two baskets. The efficient guarding and excellent passwork of Garner brought him great praise.

The Hamilton quintet dropped the second game of their week-end trip to the Brooklyn Polytechnic Institute basketball team Saturday evening by the score of 39 to 17.

The Buff and Blue was baffled by the court on which the game was played and seemed unable to find the basket. On one side of the court there was a blank wall, and on the other a row of pillars. The low ceiling also interfered with many of Hamilton's shots. The strangeness of the court was in large measure responsible for the Buff and Blue defeat.

The teams played on even terms during the first half, and the lead seesawed from one team to the other. The score at the end of the period stood 16 to 12 in favor of the Brooklyn aggregation. In the second half Brooklyn abandoned her attempts to get short shots from under the Hamilton basket. Throughout the first half the excellent defense of the Buff and Blue had held down such attempts to score. Accordingly B. P. I. started a series of heaves from the middle of the floor. Unfortunately for the Hamilton five most of these dropped into the basket. Some of these long shots proved very spectacular.

Nelson, the Brooklyn Poly captain, was easily the individual star of the game. For Hamilton Lawler and Keehn each accounted for two baskets, while the former made several foul baskets. Garner, at center, was again the strength of Hamilton's defense.

HAMILTON'S HOCKEY TEAM SCORES TWO VICTORIES

Buff and Blue Defeats Colgate, 1-0, and Then Downs R. P. I., 5-0—Poor Ice Slows Up Colgate Game—Captain Kaiser and Thompson Star—R. P. I. Game Fourth Consecutive Victory.

The eagerly awaited Hamilton-Colgate hockey game, which was played on the local rink last Wednesday, was somewhat of a disappointment to Hamilton hockey fans, in spite of the score of 1-0 in favor of the Buff and Blue.

The day was rather warm, and all day the ice had been rather soft. The game was not called until 4:30 in the hope that by that time a lower temperature would have made the ice somewhat harder. However, this did not prove to be the case.

The poor ice slowed up the game and made decent playing impossible. Captain Kaiser and Thompson had no opportunity to use their phenomenal speed and accurate passing. Body-checking and other tactics savoring of the football field were resorted to by both sides, and indeed these were the only methods by any means practicable with the ice in the condition it was Wednesday. Passing and carrying the puck were both hampered by the half-inch of slush that covered the ice after the first few moments of play.

Hamilton Team Superior

In spite of all these handicaps, it was evident to those on the side-lines that our team was far superior to the Maroon. The play for almost the entire game was in Colgate's territory, and not once was our goal seriously threatened. The first half ended scoreless.

Playing during the second half was a little faster than it had been during the first. Hamilton opened up a fast offensive game, but for about ten minutes Colgate successfullly defended her goal. The only goal of the game was made by Kaiser, who received the puck from Thompson and shot it in. Clark, R. G. Reeder, and Marlow distinguished themselves by effectually breaking up all of Colgate's attempts in the Buff and Blue territory, and often worked with Kaiser and Thompson on the forward line. R. J. Reeder at goal had little playing to do.

The line-up follows:

COLGATE (0).	HAMILTON (1).
Hurley, rf.	Clark, rf.
Childs, lf.	Kaiser (Capt.) lf.
Sanford (Capt.), c	Thompson, c.
Wood, rd.	R. G. Reeder, rd.
Townsend, ld.	Marlow, ld.
Gormley, g.	R. J. Reeder, g.

Referee: Noonan of the Perth Crescent Club of Canada. Timer: Bennett, Hamilton. Time of halves: Twenty minutes. Goal: Kaiser.

The Buff and Blue scored an easy victory over the R. P. I. hockey team on the home rink last Saturday afternoon. The final score was 5-0. This game was the Hamilton team's fourth consecutive victory of the season. The team has not been scored against in any of the four games played so far.

R. P. I. was outplayed in every department of the game. Barker was the star of the visiting team, and the only man who seemed in a class with the Buff and Blue players. The ice was in good condition except for a few soft spots along the north side of the rink. Captain Kaiser and Thompson were in their best form, following the puck at top speed from the first whistle until the end of the game. Clark was put off the ice twice, but made up for this by the aggressive manner in which he played while in the game. Marlow and R. G. Reeder broke up most of the Engineers' offensive work. R. J. R. Reeder at goal stopped several shots which threatened to score points for the visitors.

Hamilton Leads from Start

Hamilton took the puck at the opening whistle and by clever passing rushed it down towards their opponents' goal. R. P. I. fell into a defensive style of play, which they maintained with few exceptions throughout the game. The first half was marked by a quick succession of shots at the goal by the Hamilton forward line. The R. P. I. team massed about their goal and prevented scoring, until Thompson by a clever bit of dribbling forced the puck through for the first point of the game.

Both teams agreed to play six-man hockey in the second half. This style of play results in a faster game. Clever passing and shooting by Kaiser, Clark, and Thompson added four points to the Hamilton score. Clark made a spectacular shot from near the middle of the rink. The speed of the Hamilton team seemed too much for the Engineers, and they were again forced to play a defensive game.

The line-up follows:

R. P. I. (0).	HAMILTON (5).
Cook, rw.	Kaiser, rw.
Barker, lw.	Clark, lw.
Tierney, c.	Thompson, c.
Reuter, r.	Marlow, r.
Armstrong, cp.	R. G. Reeder, cp.
McIntyre, p.	Price, p.
Lawler, g.	R. J. R. Reeder, g.

Referee: Noonan of the Perth Crescent Club of Canada. Timers: Tyler, R. P. I.; Bennett, Hamilton. Time of halves: Twenty minutes.

DON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a W D C Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you go to any good dealer and select several good shapes. Put them in your rack. Smoke a cool one every time, and you'll be well on your way to pipe-happiness.

Astronomy at Hamilton

For many years there stood in front of the present Sigma Phi Hall a famous building known as the Litchfield Observatory. This observatory was presided over by the more famous Dr. Peters. After the death of Dr. Peters, the building fell into disuse, and was finally torn down in 1917. The glasses of Dr. Peters' telescopes were carefully guarded, and they are now in safe keeping on the Hill. One of these glasses is for a six-inch telescope, the other for a fifteen-inch instrument. Speaking from the monetary standpoint, they are worth thousands of dollars.

The purpose of this editorial is not to give an historical sketch of the Litchfield Observatory, however, nor of the valuable work Dr. Peters did there. It is to advocate the erection of another observatory on the Hill.

At the present time it would be foolish to contemplate the construction of a building the size of the old observatory. However, a smaller structure under which the six-inch telescope could be set up is not out of the question.

Hamilton men of former days had a great interest in astronomy, fostered by Dr. Peters and the views of the heavenly bodies which they obtained through his telescopes. Many members of the Faculty still retain this interest, and regret the ignorance of the present college generation in this science. In many cases lack of interest is not responsible for this ignorance. With the aid of Dr. Peters' telescope and with the information furnished by members of the Faculty who have a knowledge of astronomy—we know that this information would be willingly given—students who wish to learn something about astronomy would be able to obtain some foundation in the science.

We do not propose courses of instruction in astronomy; they may come later. What we desire is an opportunity for interested students and Faculty members to get together and study the heavenly bodies. Concerted action and the expenditure of a small amount of money for the erection of a suitable structure will make this possible.

A COMMUNICATION

To the Editor of **Life**:

May we call your attention to the following sentence from an editorial which recently appeared in the **Yale News**: "Creations of the past that have fallen to decay, we will endeavor to hasten to an inevitable grave, for smug contentment with whatever is because it once was good, spells death to human institutions." Antiquity-worshippers have been silenced by the enthusiasm of a new era on the Hill! And in keeping with victories over Cornell and Colgate in hockey, may we not also expect a proportionate extension and improvement of the one publication which records the minutes of Hill activities and proclaims them to alumni, to other colleges and to potential subfreshmen? Isn't this a good time to enhance the intercollegiate interest of **Life** and to place it in the editorial fray of kindred institutions? A college—with 200 years of traditions and assured of the loyal support of a small but strong body of alumni—brimming over with original ideas and uniquely talented with sound and well-informed critics, has a right to make itself heard on all vital questions which the leading college journals put into print. In short, we venture this comment on the basis of a firm conviction that **Life** can exert an increasing influence for educational good by exacting appreciation for Hamilton in spheres other than those which it reaches at present. To attain this end, **Life** must evince less tabulation of events, more criticism, and a broader interest in the "headline" collegiate questions.

INTERESTING LECTURE GIVEN

A lecture especially interesting to students of geology was delivered by Mr. J. Churchward of Litchfield, Conn., before an appreciative audience in the Biology Lecture Room last Friday evening. The subject of the address was "The Birth of the Earth". Mr. Churchward has written a book on this subject, parts of which he read to his audience.

The speaker, although not a scientist, has for many years had a great interest in geology. He was for fifteen years a colonel in the British Army in India. Mr. Churchward is a world traveller, an enthusiastic lover of natural science, and an exponent of interesting theories regarding the origin of the earth and the birthplace of man. He was formerly associated with the Bethlehem Steel Corporation. Although Mr. Churchward is now residing in this country, he remains loyal to the country of his birth.

Campus Notes

—There will be a meeting of the Chemistry Club at the home of Dr. A. P. Saunders on Thursday evening at 8 o'clock.

—The hockey game scheduled with the Sprinfield Y. M. C. A. College for next Friday has been cancelled. In place of this game, Manager Bennett has arranged a game with Clarkson, to be played here on Saturday afternoon.

—Clement G. Martin, '22, has found it necessary to give up his position as business manager of the "Hamiltonian". He will be succeeded by Dean Alfange, '22, who has been his assistant. Martin has been an efficient and faithful manager, and it is regretted that he will be unable to complete the work he has started so well. Alfange is a capable business man, and is well fitted to carry on the work.

—The following committees were appointed at the last meeting of the Senior Class by Grant Keehn, president of the class. These committees have been appointed for work on Commencement.

Cap and Gown: Messrs. Throop, Davison, Coupe.

Invitation: Messrs. Hopkins, Bartlett, Jennings.

BUFF AND BLUE LOSES TO DETROIT

Heavy Detroit Quintet Wins Fast, Hard-fought Game—Lawler of Hamilton and Voss of Detroit Star.

SCORE 31 TO 26

The Hamilton quintet dropped the hardest-fought and the most thrilling game of the season to the fast University of Detroit Five last Tuesday night on the home floor by the score of 31-26. The contest was marked by the excellent passing and guarding of both teams, but the breaks were against Hamilton who was leading by one point before the last two minutes of play. Three floor baskets in rapid succession in the last minutes gave the game to the visitors.

The excellent basket-shooting by Lawler was the sensation of the game. The speedy forward scored fourteen of the twenty-six points for the Buff and Blue. The loss of Garner, who was put out in the last half on four personal fouls, was a serious handicap to the team and was one of the main reasons for Detroit's successful break-up of the Hamilton defense. Garner had done excellent work in guarding the big center of the visiting team.

Voss, captain and center for the visitors, and an All-American football tackle, was the star of the team, caging five field goals and doing excellent defense work. Molliter, the fleet forward, scored ten points for Detroit, all of which came at opportune times.

Hamilton Leads at Half Time

The first half was broken by many fouls on both sides, which kept the score comparatively even as neither team was successful in shooting the majority of fouls called. The Buff and Blue gained a lead of 13-7 soon after the outset of the game, but the Detroit five staged a successful comeback and tied the score. A foul goal by Lawler immediately preceding the close of the half left the score 14-13, with Hamilton on top.

At the opening of the second half Detroit forged ahead by a free basket and field goals by D'Arcy and Molliter. No sooner would the Buff and Blue five take the lead than the Detroit team would come from behind and tie the score. A nice field goal by Keehn, followed by a foul and a field goal by Lawler sent the Buff and Blue four points in the lead, when Garner was put out of the game on four personals. Immediately the Detroit team broke through Hamilton's defense and clinched the game in the last few minutes of play.

MUSICAL CLUBS GIVE CONCERT AT KNOX SCHOOL IN COOPERSTOWN

The Hamilton College Musical Clubs gave a highly successful concert at the Knox School, Cooperstown, N. Y., last Saturday afternoon. The concert was attended by a large and appreciative audience, including the girls of the school and many guests who were present for the Mid-Year Dance which took place Saturday evening.

The program presented was substantially the same as that of the Prom concert on the Hill. The selections rendered by the Instrumental Club were the most popular numbers on the program. "Zip" Griffith's trombone monologue, which was such a success on the trips last year, brought forth many laughs. A violin solo by Parker was substituted for the vocal solo by Vines. The only other change in the program was the presentation of the Petite Vaudeville number by Paton and Pritchett without the aid of Maynard, who was unable to make the Cooperstown trip. The Glee Quartette was well received and generously encored. The concert closed with the singing of "Carissima". There were many Hamilton men in the audience, all of whom rose and joined in the singing of the Alma Mater.

The personnel of the clubs was cut to thirty-eight men for this trip, but this cut is not final. Further substitutions and cuts will be made before the clubs leave for the trip during spring vacation. The following men made the trip to Cooperstown:

Instrumental Club: Pritchett, Fisk, Wettel, Parker, Lighthall, '21; Macey, R. E. Turner, '22; Langtry, Palmer, '23; Riedel, Bates, '24.

Monologist: Griffith, '21.

Glee Club: Paton, Fisk, Pritchett, Daniels, Harper, Moffat, King, Forshay, Holler, Lighthall, Parker, Pendleton, Maier, Whitbeck, '21; Hallock, Macey, Pope, Burns, R. G. Miller, Ramsburg, '22; North, Daniels, Fitch, '23; Riedel, Vines, Kittell, Bates, '24.

DR. KEMPF TO LECTURE HERE SATURDAY

The second Myers Lecture of the year will be delivered in the College Chapel at 8 p. m. next Saturday evening. Dr. James Furman Kempf will lecture on "The Mines of Bingham Canyon, Utah". The lecture will be illustrated with a large collection of lantern slides.

Dr. Kempf received a degree of A.B. from Amherst in 1881, and a degree of M. E. from Columbia in 1884. He is a United States Geologist, member of the New York State Geological Survey, member of the National Academy of Sciences, a correspondent member of the Academy of Sciences of Christiana, Norway, and a member of the Geological Society of Stockholm, Sweden. He is an ex-President of the National Academy of Sciences, President of the Geological Society of America, and head of the Department of Geology at Columbia University. Dr. Kempf is the author of books on ore deposits, and a contributor to scientific journals. He is an expert on platinum, gold, iron, and other metals, and has acted as a consulting geologist at many mines.

Dr. Kempf will address the Geology 6 class at 10:30 Saturday morning on "The Geology of Gold". The lecture will be illustrated with specimens which Dr. Kempf has collected himself. All those interested in this lecture are welcome.

THE CHARLATANS

Will Appear in Utica—May Also Perform at Oneonta.

Manager Seaver announces a performance of The Charlatans at the New Century Auditorium in Utica on March first. The performance will be private, and only those receiving special invitations may attend. The New Century Club will have charge of all arrangements for the shows, using them as a special entertainment after their weekly meeting. "A Night at an Inn", and "Food", are the plays selected by Coach Fancher for this appearance of The Charlatans.

A request has been received by Manager Seaver for a performance at Oneonta Normal School during the early part of March. It is probable that a week-end trip will be made to Oneonta and some other city in the vicinity of Utica.

Work on the plays to be presented by The Charlatans at Commencement time has begun with good results. The plays are: "Suppressed Desires", "The Boy Comes Home", and "The Last Man In". Three rehearsals of each play are being held every week.

HOWE, '24, BREAKS KNEE-CAP

While coasting down the hill last Friday, John Q. Howe, '24, ran into a tree just above the President's house. In the Utica hospital to which he was taken in a taxi, it was found that Howe had broken his right knee-cap. He has since been removed to his home in Albany, where he may be under the care of his father, who is a physician in that city.

—The Jabberwocks will meet in Professor Fancher's room, 18 Carnegie, next Thursday evening at 7:30. Throop, '21, will give a talk on Gilbert K. Chesterton, the famous English author now touring this country. All those interested are invited to attend.

BUSY WEEKEND IN BASKETBALL

Hamilton Meets Rochester and Trinity Here This Weekend—Anxious to Avenge Defeats Suffered Early in Season.

OUR TEAM STRONGER NOW

The Buff and Blue basketball team faces two hard contests this weekend. On Friday evening it will meet the team from the University of Rochester, and on Saturday evening the Trinity College quintet will play a return game here. Both of these teams defeated Hamilton early in the season. Rochester won the opening game of the season by the score of 20 to 11 against a team which had never before played together. A week later Trinity emerged victorious in a hard-fought contest, because of her superiority in making shots from the foul line.

The Rochester schedule has included this year some of the strongest teams in the east, notably those of Colgate, Syracuse, Yale, N. Y. U., and Dartmouth. Despite the strong opposition, the Yellow has split even on the games played so far, and will come up here Friday night ready to repeat their performance in the opening game. Rochester will undoubtedly start the game with Kirchmaier and F. Green as forwards, Batlett at center, and Captain Merson and W. Green as guards. Chambers, a brilliant forward, who showed up well in the Colgate game, will probably have a chance to show his ability during the Hamilton contest.

Trinity Team Successful

The Trinity team has had a successful season thus far and is anxious for another victory over the Buff and Blue. In the game played at Hartford on January 14th, Canner proved the star of the home team, and it was his exceptionally fine shooting from the foul line which finally sent Hamilton down to defeat. Canner and Bolles make a good pair of forwards, who work well with their center, Mills. Keating and Tansell at the guard positions complete the five.

Hamilton's team has been greatly strengthened since she bowed to these opponents, and there is reason to hope for victory in the contests this week-end. The team has developed its passing and team work until it is now a fast, aggressive aggregation. The Hamilton line-up will probably be the same as that used against R. P. I. last week, with Garner at center, Lawler and Doane as forwards, and Captain Cowan and Campbell as guards. Stern has recently returned to the squad and will probably have a chance to show his skill in one of these games.

NEW MEN ON HONOR COURT

At a meeting of the Undergraduate Association held after chapel last Saturday morning, Carl V. Warren, '23, was unanimously elected to the Honor Court to fill the vacancy left when Alexander M. Huntsman left college. L. Danforth Bates was appointed as the representative of the Freshman Class on the Honor Court.
